Disclaimer

The opinions expressed in this Report have been based on the information supplied to SRK Consulting (South Africa) (Pty) Ltd (SRK) by Sasol South Africa (Pty) Limited (Sasol). The opinions in this Report are provided in response to a specific request from Sasol to do so. SRK has exercised all due care in reviewing the supplied information. Whilst SRK has compared key supplied data with expected values, the accuracy of the results and conclusions from the review are entirely reliant on the accuracy and completeness of the supplied data. SRK does not accept responsibility for any errors or omissions in the supplied information and does not accept any consequential liability arising from commercial decisions or actions resulting from them. Opinions presented in this report apply to the site conditions and features as they existed at the time of SRK's investigations, and those reasonably foreseeable. These opinions do not necessarily apply to conditions and features that may arise after the date of this Report, about which SRK had no prior knowledge nor had the opportunity to evaluate.

1 Introduction

Sasol South Africa (Pty) Ltd (Sasol) is an international integrated chemicals and energy company that leverages technologies and the expertise of 30100 people working in 33 countries. Sasol develops and commercialises technologies, and builds and operates world-scale facilities to produce a range of high-value product streams, including liquid fuels, chemicals and low-carbon electricity. Sasol is a significant business partner in the South African economy and has manufacturing operations located predominantly in Secunda, Mpumalanga and Sasolburg, Free State.

This postponement application pertains to the Sasolburg Operations (SO) in the Free State Province. Activities at the Sasolburg complex are conducted by:

- Sasol Mining (Proprietary) Limited, which mines the utilities coal used at SO.
- Sasol South Africa (Pty) Limited, operating through its Sasolburg Operations, including the entity formerly known as Sasol Infrachem (“Sasol Infrachem”) which entity supplies utilities and reformed gas for production of chemicals to Sasol-related entities and third parties.

Between 2013 and 2014 SO, through the entity formerly known as Sasol Infrachem, undertook a process to apply for postponements from the 2015 compliance timeframes of the Minimum Emissions Standards (MES) which were published in Government Notice No. 893 in Government Gazette 37054 of 22 November 2013 (“GN 893”), in terms of the National Environmental Management: Air Quality Act (Act No. 39 of 2004) (NEM:AQA) hereafter referred to as the “2014 Postponement Application”.

Following the 2014 Postponement Application, SO was granted postponement by the National Air Quality Officer (NAQO) with the concurrence of the licensing officer for a number of the activities conducted on the SO site.

In some instances, and for some sources, extended compliance timeframes were granted however for other sources less than the five years was granted as initially requested. SO therefore is making an application for further postponements from the 2015 existing plant standards for the Heavy Ends B (B6990), High sulphur pitch (B6930) and Spent caustic (B6993) Incinerators at its Thermal Oxidation plant (the “2017 Postponement Application”). In addition, since the five-year postponement periods being extended will extend beyond 1 April 2020, postponements on the associated 2020 new plant standards, which will come into effect on that date, are also applied for.

Sasol’s application includes the findings of an independently prepared Atmospheric Impact Report (AIR), which determines Sasol’s impact on ambient air quality, along with further reasons that warrant consideration in a decision about postponements from the MES. Sasol has appointed Airshed Planning Professionals (Airshed) to prepare the AIR and SRK Consulting (South Africa) (Pty) Ltd. (SRK) to manage the technical studies and the Public Participation Process (PPP).

1.1 Scope of this report

This report documents the public participation activities undertaken during the announcement phase, the process whereby Interested and Affected Parties (I&APs) were provided the opportunity to comment on the Draft Motivation Report and AIR prepared as part of the application and documents any comments received and associated responses given.

2 Approach to Public Participation

The PPP undertaken as part of Sasol's application for postponement of the compliance timeframes is structured to meet the requirements of Chapter 6 of the Environmental Impact Assessment (EIA) Regulations (Government Notice No. 982, 04 December 2014) published under the National Environmental Management Act (Act 107 of 1998) (NEMA), as specified in the November 2013 MES Regulations.

The PPP is an important component of the application and is closely linked to the technical activities required for the preparation of the Motivation Report. **Figure 2-1** details the Technical and Public Participation processes.

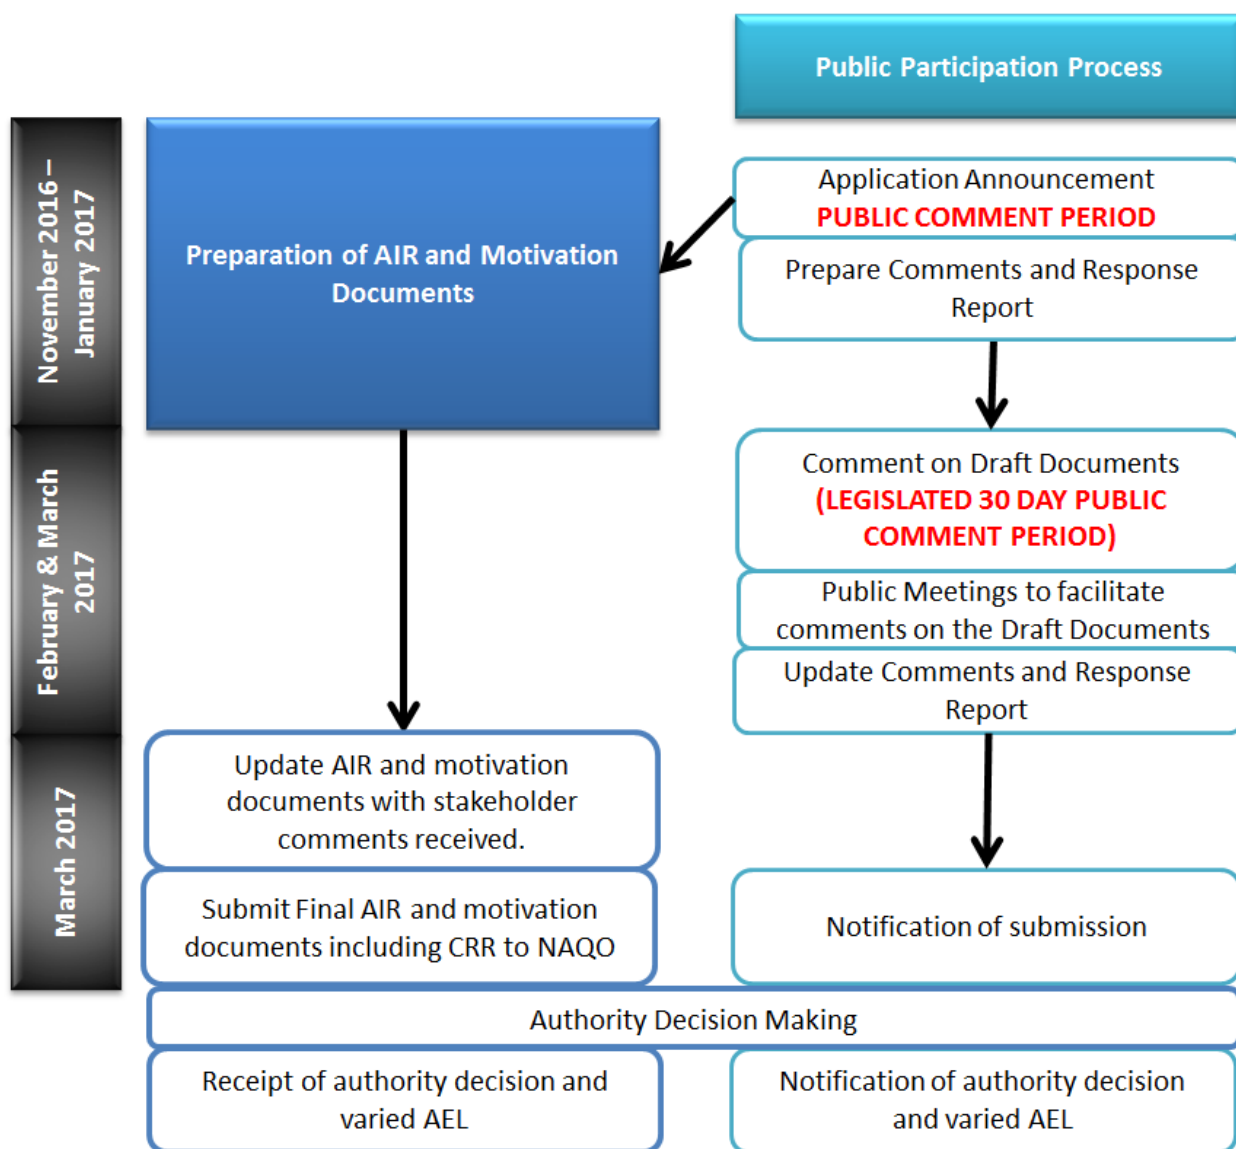

Figure 2-1: Technical and Public Participation Process

3 I&AP Identification

I&APs were identified as follows:

- Identified from previous environmental authorisation processes undertaken by SRK.
- Registered with the previous Sasol postponement applications.
- Registered at any of the bi-annual Sasol environmental/health consultation sessions on air quality matters.
- Registered with the Offset Implementation Plan public participation process.

The I&AP database for the SO comprises approximately 1140 I&APs, representing various sectors of society as listed below (Refer to **Appendix 1** for the full database of I&APs):

- National government: The Department of Environmental Affairs, Department of Mineral Resources and the Department of Water and Sanitation.
- Provincial government: The Free State Department of Economic, Small Business Development, Tourism and Environmental Affairs, Department of Health and Social Development, Department of Water and Sanitation and the South African Local Government Association.
- District and local government: Fezile Dabi District Municipality, Metsimaholo Local Municipality and their ward councillors.
- NGOs and interest groups: Such as Save the Vaal Environment, the Vaal Environmental Alliance (VEJA), Wildlife and Environment Society of South Africa, Legal Resources Centre (LRC), Centre for Environmental Rights and GroundWork.
- Organised business and commerce: Business Unity South Africa.
- Organised mining and industry: Chamber of Mines and Harmony Gold Mines.
- Community based organisations: Sasol Community Working Group.
- Labour unions and associations: Transvaal Agricultural Union, National Education Health and Allied Workers' Union and The Chemical Energy Paper Printing Wood and Allied Workers Union.
- Research and academia: Council for Scientific and Industrial Research (CSIR), and Infotox.
- Media: Sedibeng Ster, Vaal Weekblad.
- Parastatals: Eskom, Transnet, Telkom, South African Heritage Resource Agency, and the South African National Biodiversity Institute.
- Sasol employees (internal I&APs).
- Adjacent and surrounding landowners.

The database was reviewed and updated during the PPP.

4 Project Announcement

The project announcement phase was conducted between 16 November 2016 and 09 December 2016. I&APs received notification of Sasol's intention to apply for postponement, a Background Information Document (BID) and an invitation to register as an I&AP in the process. I&APs were invited to participate in the process as follows:

- Distribution by email, of invitation letters accompanied by a BID and a registration and comment form on 16 November 2016 (see **Appendix B and C** for copies of these documents).
- Advertisements were placed in three local newspapers (see **Appendix D** for proof of advertisement publication), as follows:
 - Vaal Weekblad (Afrikaans) on Wednesday 16 November 2016.
 - Puisano News (Sesotho) on Wednesday 23 November 2016.
 - Sasolburg Ster (English) on Wednesday 16 November 2016.
- Site notices (A2 Size), in English, Afrikaans and Sotho together with copies of the BIDs and registration and comment forms were placed in publically accessible venues in close proximity to the operations, namely the Sasolburg Public Library, Zamdela Library, Metsimaholo Local Municipality and at the SO Site Reception on 16 November 2016 (see **Appendix E** for a copy of the site notice and photographs indicating notice placement).
- BIDs, invitation letters and registration and comment forms were placed on SRK's website at <http://www.srk.co.za/en/za-sasol2018postponement>.
- Where email addresses for I&APs weren't available, facsimile and SMS notification were made to I&APs to inform them of postponement application.

5 Public comment on the Draft Motivation Report and AIR

The Draft Motivation Report and AIR were made available for public comment for a period of 30 days from **6 February to 8 March 2017**. Notification of the availability of the documents and an invitation to attend the public meetings to facilitate comment on the Draft Motivation Report and AIR was made as follows:

- Distribution by email of notification letters between **6-8 February 2017 (Appendix B)**.
- Advertisements in local newspapers, as follows (see **Appendix D** for proof of advertisement publication):
 - Vaal Weekblad (Afrikaans) **8-10 February 2017**.
 - Puisano News (Sesotho) **10 February 2017**.
 - Sasolburg Ster (English) **7 – 13 February 2017**.

Where email addresses for I&AP's were not available, facsimile and SMS notifications were sent.

Electronic versions of the reports and comment sheets were made available on the SRK website, <http://www.srk.co.za/en/za-sasol2017postponement>. Electronic copies of the report were made available on request.

Printed copies of the report and comment sheets were made available at the following publicly accessible venues for I&APs to view and comment on:

Venue	Address	Contact details
Public Library	John Vorster Road, Sasolburg	016 973 8463
Zamdela Library	Next to Zamdela Hall on the Main Road, Zamdela	016 974 2163
Metsimaholo Local Municipality	Fichardt Street, Sasolburg	016 973 8316
Sasolburg Operations Main Reception	1 Klasie Havenga Road, Sasolburg	016 960 2014 / 2976

I&AP's were able to comment and make suggestions on any aspect of the Draft Motivation Report or AIR as follows:

- Completing the registration and comment form and submitting it to the Public Participation Office at SRK.
- Written letters or additional written submission by post, email or fax.

Comments received were collated and responded to, where appropriate, in the Comments and Responses Report (CRR) (Annexure D of the Motivation Report). These comments and suggestions will be submitted together with final documents to the authority to inform the authorities' decision.

5.1 Public meetings

Public meetings to facilitate comment on the Draft Motivation Report and AIR were held as follows:

Date	Time	Venue
Tuesday 21 February 2017	14:00 – 16:00	Vaalpark Primary, Vaalpark
Tuesday 21 February 2017	17:30 – 19:30	Boiketlong Community Hall, Zamdela
Wednesday 22 February 2017	17h00 – 19h00	Multi-Purpose Centre, Zamdela

The primary objectives of the public meetings were to:

- Foster engagements and build trust relationships with host communities.
- Share information on Natref, its activities and Air Quality impacts relating to the postponement application.
- Provide an opportunity for the community to participate in and raise any issues regarding the postponement application process.
- Facilitate comments on the Motivation Report and AIR.

All comments raised at the public meetings are captured in the CRR included as Annexure D of the Motivation Report.

5.2 Follow up with I&APs

Due to the level of attendance at the public meetings reminder emails were sent to all I&APs with email addresses (Appendix B). The letter guided I&APs to a copy of the public meeting presentation that was made available on the SRK website at <http://www.srk.co.za/en/za-sasol2017postponement>. SRK also undertook telephonic follow up with key I&APs to elicit comment.

5.3 Comments Received

To date, SRK have received requests for I&APs to be registered on the database as well as requests from some I&APs to be removed from the database. Other than requests for registration and issues raised at the public meeting, the only comment received was from the Department of Water and Sanitation regarding how these applications would impact on the Water Use Licence for the site.

All comments received on the Draft Motivation Report or AIR either at public meetings or via post, email or fax, including responses thereto as appropriate, have been included in a CRR (Annexure D of the Motivation Report). The CRR will be submitted with the Motivation Report and AIR to the NAQO for consideration.

Comments received via post, email, fax or the online comment form are attached as Annexure 1 of the Comments and Response Report.

6 Availability of the Final Motivation Reports for Public Comment

The final documents relating to the postponement application will be submitted to the NAQO for consideration by 31 March 2017. These documents will be available after the submission, for further comment, and can be accessed as follows:

- Electronic versions of the reports are available on SRK's website at <http://www.srk.co.za/en/za-sasol2017postponement>.
- Electronic copies are also available on request from the Public Participation Office at SRK.

Comments on the Motivation Report and annexures thereto, should be submitted directly to the NAQO on or before 5 May 2017 as follows:

Department	Contact Person	Postal Address	Contact Details
Department of Environmental Affairs – Air Quality	Dr Thuli Khumalo	PO Box 313 Pretoria 0001	Tel: 012 399 9787 Fax: 012 320 0488 Email Address: TKhumalo@environment.gov.za

Should you elect to submit additional comments to the NAQO, please also provide a copy to SRK, who was independently appointed by the applicant to conduct the Public Participation component of this application Next Steps in the Application Process.

7 Next Steps in the Application Process

The NAQO is required to consider the final application, together with any additional comments submitted by stakeholders, and thereafter to issue a decision in concurrence with the licensing authority. Registered I&APs will be informed of the decision once issued. They will also be advised of the way forward following the decision based on specific requirements imposed by the NAQO.

8 Conclusion

Contributions to Sasol's application process by a wide range of I&APs will ensure that the relevant aspects and issues raised and reflected in the CRR are considered as part of the authority decision-making process.

Appendix B: Notification Letters

November 2016
506430

INVITATION TO REGISTER AND PARTICIPATE

Application for postponement of certain requirements of the National Environmental Management: Air Quality Act - Minimum Emission Standards for the Sasol South Africa (Pty) Ltd operations in Sasolburg

Dear Stakeholder

- **Availability of a Background Information Document (BID) for comment**
- **Invitation to register as an I&AP**
- **Next steps in the application process**

Sasol South Africa (Pty) Ltd (Sasol) operating through its Sasolburg Operations (SO) owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004) (NEM:AQA). Between 2013 and 2014 Sasol undertook a process to apply for postponements from the 2015 compliance timeframes of the MES. Sasol was granted postponements from a number of its operations by the National Air Quality Officer (NAQO) with the concurrence of the licensing officer. In some instances and for some sources, postponements were granted for less than five years as initially requested. In these instances, Sasol will not be able to timeously comply and therefore intends to apply for further postponements for the incinerators located in the Sasol One complex in Sasolburg where postponements were only granted for three years.

This application is supported by Part 2 of the MES. In accordance with the requirements for postponements contained in the MES, Sasol will submit an Atmospheric Impact Report (AIR) together with detailed justification and reasons. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR while SRK Consulting (South Africa) (Pty) Ltd (SRK) has been appointed to undertake the stakeholder engagement process to also assist Sasol in compiling the Motivation Report containing the justification and reasons.

Partners R Armstrong, AH Bracken, JM Brown, CD Dalglish, BM Engelsman, R Gardiner, GC Howell, WC Joughin, DA Kilian, JA Lake, V Maharaj, DJ Mahlangu, RRW McNeill, HAC Meintjes, MJ Morris, GP Nel, VS Reddy, PE Schmidt, PJ Shepherd, MJ Sim, VM Simposya, HFJ Theart, KM Uderstadt, AT van Zyl, MD Wanless, ML Wertz, A Wood

Availability of a Background Information Document (BID) for comment

The enclosed Background Information Document (BID) provides more information about Sasol's intended postponement applications. It provides Interested and Affected Parties (I&APs) with an initial opportunity to comment on the application process and to register and receive further information during the process.

The BID, with an accompanying Registration and Comment Form, will also be available for public comment from **Friday 18 November to Friday 09 December 2016**, on the SRK Website at <http://www.srk.co.za/en/za-sasol2018postponement>, and at the public places listed below.

Sasolburg			
Public Place	Locality	Contact	Telephone
Public Library	John Vorster Road, Sasolburg	Yvette Herbst Griesel	016 973 8463
Zamdela Library	Next to Zamdela Hall on the Main Road, Zamdela	Reception	016 974 2163
Metsimaholo Local Municipality	Fichardt Street, Sasolburg	M Molala	016 973 8316
Sasolburg Operations Main Reception	1 Klasie Havenga Road, Sasolburg	Reception	016 960 2014 / 2976

You are invited to comment on the BID by:

- Completing the enclosed registration and comment form and submitting it to SRK (details below);
- Writing a letter or additional written submission by mail, email or fax; or
- Calling SRK.

Invitation to register as an I&AP

You are invited to register as an interested and affected party (I&AP) for Sasol's application process, and comment or raise any issue of concern. Please submit your registration by completing the enclosed Registration and Comment Form and submit to SRK by **09 December 2016**. You are welcome to forward it to others who may be interested in registering as an I&AP in this process.

Next steps in the Application Process

The Draft Motivation Report and AIR will be made available for public comment early in 2017. Registered I&APs will be informed in advance of the availability of the report. All comments received on the BID, the Draft Motivation Report and AIR will be included in the Comments and Response Report that will be submitted together with the Motivation Report and AIR to the authority for consideration of Sasol's postponement application.

To obtain more information, or to submit your comments, please contact SRK at the contact details below:

INVITATION TO PARTICIPATE AND COMMENT

Application for the postponement of compliance timeframes in terms of Regulation 11 of the Section 21 of the National Environmental Management: Air Quality Act - Minimum Emission Standards, for Sasol South Africa (Pty) Ltd Operations in Sasolburg

Dear Stakeholder

- **Availability of the Draft Motivation Report and Atmospheric Impact Report for comment**
- **Public Meetings Schedule**
- **Next steps in the application process**

Sasol South Africa (Pty) Ltd (Sasol) operating through its Sasolburg Operations (SO) owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004) (NEM:AQA).

Between 2013 and 2014 Sasol undertook a process to apply for postponements from the 2015 compliance timeframes of the MES. Sasol was granted postponements from a number of its operations by the National Air Quality Officer (NAQO) with the concurrence of the licensing officer. In some instances and for some sources, postponements were granted for less than five years as initially requested. In these instances, Sasol will not be able to meet the compliance requirements within the specified timeframes. SO therefore intends to apply for further postponements for the incinerators located in the Sasol One complex in Sasolburg where postponements were only granted for three years.

This application is supported by Part 2 of the MES. In accordance with the requirements for postponements contained in the MES, Sasol will submit an Atmospheric Impact Report (AIR) together with detailed justification and reasons. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR while SRK Consulting (South Africa) (Pty) Ltd (SRK) has been appointed to undertake the public participation process to also assist Sasol in compiling the Motivation Report containing the justification and reasons.

Availability of the Draft Motivation Report and AIR for Comment

The Draft Motivation Report and AIR will be available for public comment from **Monday 6 February 2017 to Wednesday 8 March 2017**. Electronic versions of the reports and comment sheets will be available on SRK's website at <http://www.srk.co.za/en/za-sasol2017postponement> from **Monday 6 February 2017**. Electronic copies are also available on request from the Stakeholder Engagement Office at SRK.

Your comments and suggestions on any aspect of the Draft Motivation Report and AIR will be considered and included in a comments and response report appended to the application. You are welcome to comment on the Draft Motivation Report and AIR by:

- Completing the enclosed registration and comment form and submitting it to SRK (details below);
- Writing a letter or additional written submission by mail, email or fax; or
- Calling SRK.

DUE DATE FOR COMMENTS: WEDNESDAY 8 MARCH 2017.

Public Meetings

To facilitate comment on the Draft Motivation Report and AIR, two public meetings will be held where the application will be explained. Participants will have the opportunity at these meetings to meet the project team and to provide comments. Details of the public meetings are as follows:

Date	Time	Venue	Venue Contact Details
Tuesday 21 February 2017	14h00 – 16h00	Vaalpark Primary	016 971 2012
Tuesday 21 February 2017	17h30 – 19h30	Boiketlong Community Hall	016 960 5037
Wednesday 22 February 2017	17h00 – 19h00	Multi-Purpose Centre, Zamdela	073 149 4487

To confirm your attendance, submit comments or to obtain more information; please contact SRK at the contact details below:

Philippa Burmeister or **Andrea Murray-Rogers** at SRK, Tel: +27(0)31 279 1200 Fax: +27(0)31 279 1204, e-mail: pburmeister@srk.co.za / amurray-rogers@srk.co.za

Next steps in the Application Process

A Public Participation Report and Comment and Response Report will be prepared, which will document all comments received and how they have been considered. These documents will be included as part of the postponement application submitted for approval by the relevant authorities. Registered Interested and Affected Parties will be accordingly notified and copies of the submission will be made available on SRK's website. Registered Interested and Affected Parties will also be notified of the decision of the relevant authorities in this regard as per the applicable requirements

Yours faithfully,

SRK Consulting (South Africa) (Pty) Ltd

REMINDER: INVITATION TO PARTICIPATE AND COMMENT

Application for the postponement of compliance timeframes in terms of Regulation 11 of the Section 21 of the National Environmental Management: Air Quality Act - Minimum Emission Standards, for Sasol South Africa (Pty) Ltd Operations in Sasolburg

Dear Stakeholder

- **Reminder of the comment period deadline 8 March 2017**
- **Public Meeting Presentation**
- **Next steps in the application process**

Sasol South Africa (Pty) Ltd (Sasol) operating through its Sasolburg Operations (SO) owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004) (NEM:AQA).

Between 2013 and 2014 Sasol undertook a process to apply for postponements from the 2015 compliance timeframes of the MES. Sasol was granted postponements for a number of its operations by the National Air Quality Officer (NAQO) with the concurrence of the licensing officer. In some instances and for some sources, postponements were granted for less than five years as initially requested. In these instances, Sasol may not be able to meet the compliance requirements within the specified timeframes. SO therefore intends to apply for further postponements for the incinerators located in the Sasol One complex in Sasolburg where postponements were only granted for three years.

This application is supported by Part 2 of the MES. In accordance with the requirements for postponements contained in the MES, Sasol will submit an Atmospheric Impact Report (AIR) together with detailed justification and reasons. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR while SRK Consulting (South Africa) (Pty) Ltd (SRK) has been appointed to undertake the public participation process to also assist Sasol in compiling the Motivation Report containing the justification and reasons.

Partners R Armstrong, AH Bracken, N Brien, JM Brown, CD Dalglish, BM Engelsman, R Gardiner, M Hinsch, GC Howell, WC Joughin, DA Kilian, S Kisten, JA Lake, V Maharaj, DJ Mahlangu, I Mahomed, RRW McNeill, HAC Meintjes, MJ Morris, GP Nel, VS Reddy, PE Schmidt, PJ Shepherd, MJ Sim, VM Simposya, HFJ Theart, KM Uderstadt, AT van Zyl, MD Wanless, ML Wertz, A Wood

Your comments and suggestions on any aspect of the Draft Motivation Report and AIR will be considered and included in a comments and response report appended to the application. You are welcome to comment on the Draft Motivation Report and AIR by:

- Writing a letter or additional written submission by mail, email or fax;
- Calling SRK; or
- Completing the online comment form at:

<https://survey123.arcgis.com/share/c184b4cc3de04665aa0bfaef1c7eea2>

DUE DATE FOR COMMENTS: WEDNESDAY 8 MARCH 2017.

Public Meetings

To facilitate comment on the Draft Motivation Report and AIR, three public meetings were held on 21 and 22 February 2017, at Vaalpark Primary School, Boiketlong Community Hall and at the Zamdela Multi-Purpose Centre.

A copy of the public meeting presentation is available on SRK's website at: <http://www.srk.co.za/en/za-sasol2017postponement>.

To submit comments or to obtain more information; please contact SRK at the contact details below:

Philippa Burmeister or **Andrea Murray-Rogers** at SRK, **Tel:** +27(0)31 279 1200 **Fax:** +27(0)31 279 1204, **e-mail:** pburmeister@srk.co.za / amurray-rogers@srk.co.za

Next steps in the Application Process

A Public Participation Report including the Comment and Response Table will be prepared, which will document all comments received and how they have been considered. These documents will be included as part of the postponement application submitted for approval by the relevant authorities. Registered Interested and Affected Parties will be accordingly notified and copies of the submission will be made available on SRK's website. Registered Interested and Affected Parties will also be notified of the decision of the relevant authorities in this regard as per the applicable requirements.

Appendix C: Background Information Document

BACKGROUND INFORMATION DOCUMENT AND OPPORTUNITY TO COMMENT

OCTOBER 2016

APPLICATIONS FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT - MINIMUM EMISSION STANDARDS, FOR SASOL'S OPERATIONS IN SECUNDA AND SASOLBURG

INTRODUCTION

The purpose of this document is to provide stakeholders with the following:

- Information on the background to Sasol's applications for postponements from certain of the requirements of the Minimum Emission Standards (MES) (published in GNR No. 893 of 22 November 2013) published in terms of section 21 of the National Environmental Management: Air Quality Act 39 of 2004 ("NEMAQA") for some of Sasol's operations in Secunda and Sasolburg (The location of these facilities is indicated on pages 3).
- An outline of the legal framework governing air quality management in South Africa and specifically the MES, pertinent to this BID and related applications.
- Information on the stakeholder engagement and application process that will be followed.
- Information regarding opportunities to provide comments relating to the applications.

BACKGROUND

Sasol is an international integrated chemicals and energy company that leverages technologies and the expertise of 30 100 people working in 33 countries. Sasol develops and commercialises technologies, and builds and operates world-scale facilities to produce a range of high-value product streams, including liquid fuels, chemicals and low-carbon electricity. Sasol is a significant business partner in the South African economy and has manufacturing operations located predominantly in Secunda, Mpumalanga and Sasolburg, Free State.¹

Sasol is committed to growing its business for the long term in a safe, ethical, compliant and environmentally responsible way, consistent with its Safety, Health & Environment policy and Sasol values. It is continuously implementing new actions and processes to align with its commitments. Sasol reports on its environmental improvement objectives as part of its annual Sustainability Reporting, available at: <http://www.sasol.com/sustainability/reports>

¹ The information provided herein with regards to the company description and Sasol's environmental commitments has to be read in conjunction with Sasol's Integrated Report and Sustainability Report for 2016 as available from the Sasol website.

AIR QUALITY MANAGEMENT

The term “ambient air quality” refers to the state of the air in our surrounding environment. Good air quality is important not only for humans, but for other organisms and the environment in general. Poor air quality is a result of a number of factors, including emissions from various sources, both natural (such as veld fires) and human-induced (industrial and domestic emissions).

The role of the regulatory authorities is to ensure that ambient air quality meets standards set to protect human health and the environment. In order to achieve this, the Department of Environmental Affairs has promulgated two related but distinct standards. The first are referred to as point source emission standards (also called Minimum Emission Standards (MES)), which place limits on the concentration of emissions from certain industrial activities. These are contained in the MES. The second are ambient air quality standards which seek to set total emissions from all contributors (i.e. industry, citizens and natural causes) to a level that protects human health and the environment.

Sasol’s approach to air quality management is well aligned with the risk-based philosophy adopted by the ambient air quality standards.

Sasol monitors the total quality of ambient air near its facilities through a network of accredited monitoring stations. It also prepares dispersion model scenarios to understand its impacts on ambient air quality in the regions in which it operates, and its capacity to improve these outcomes with point source emission reduction technologies e.g. electrostatic precipitators for particulate matter. This is contextualised against the backdrop of other sources of ambient air pollution, to identify the most effective actions to achieve ambient air quality improvements. This approach helps to inform Sasol’s air quality management priorities, by identifying the key actions to effectively improve ambient air quality.

LEGAL REQUIREMENTS

NEM:AQA provides for various specific air quality management measures. These include the declaration of priority areas such as the Vaal Triangle Priority Area and the Highveld Priority Area, ambient air quality standards and point source emission standards as regulated in the MES. The MES prescribe the limits for point source emissions from existing plants which became effective from 1 April 2015 (the so-called ‘existing plant standards’) and which Sasol has previously made application for postponement for as mentioned below, as well as more stringent limits that must be met by 1 April 2020 (the so-called ‘new plant standards’) (termed “Compliance Timeframes”). Part 2 of the MES allows for applications for postponements of the prescribed compliance timeframes. Postponement applications must be made to the National Air Quality Officer at the Department of Environmental Affairs.

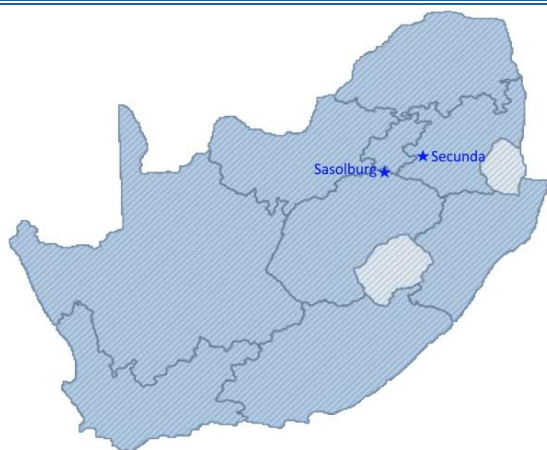

As part of its application, Sasol is required to submit an Atmospheric Impact Report (AIR) and supported by detailed justification and reasons. The MES also require that Sasol make these documents available for public comment as prescribed in Chapter 6 of the Environmental Impact Assessment (EIA) Regulations GN R982 (2014) promulgated under the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA).

Between 2013 and 2014 Sasol undertook a process to apply for postponements from the 2015 compliance timeframes of the MES. Sasol was granted postponements for a number of its operations by the National Air Quality Officer (NAQO), with the concurrence of its licensing officer. However Sasol will be unable, in certain instances, to timeously meet the compliance requirements of the 2015 MES where postponements have been granted for less than five years, as initially requested.

Sasol has spent approximately R2 billion per year over the past decade on environmental improvement projects, most of which has been focused on air quality improvement.

For the next decade, Sasol has outlined a committed roadmap which informs progressive improvements to its existing facilities which will enable a sustainable transition toward meeting the stringent standards set for new plants, under the MES.

SASOL'S APPLICATIONS

In 2014 Sasol South Africa (Pty) Ltd., operating through its **Secunda Synfuels and Sasolburg Operations** applied for, and was granted, postponements from the existing plant standards for some of its activities. The present postponement application therefore constitutes a further postponement application for some sources, to extend the initial three year compliance extension granted. These further postponement applications are requested for purposes of completing the associated projects in the interest of sustained compliance with the existing plant standards.

SECUNDA SYNFUELS OPERATIONS

The Secunda Synfuels Operations is located in the Sasol Secunda Complex in the Govan Mbeki Local Municipality, which forms part of the Gert Sibande District Municipality in the Mpumalanga Province. The Sasol Secunda site incorporates a number of business activities, including the Secunda Synfuels Operations, which operates the world's only commercial coal-gasification based synthetic fuels manufacturing plant.

Postponement applications will be submitted for the following processes that will be unable to meet the compliance timeframes stipulated in the AEL:

- Phenosolvan Plant - Subcategory 3.6 Synthetic Gas Production & Cleanup
- HOW and Biosludge Incinerators - Subcategory 8.1: Thermal Treatment of Hazardous & General Waste

Emissions that will be included in the AIR in relation to the applications are as follows:

Particulate Matter (PM)	Carbon Monoxide (CO)	Volatile Organic Compounds (VOCs)
Hydrogen Fluoride (HF)	Sulfur Dioxide (SO ₂)	Ammonia (NH ₃)
		Nitric Oxide and Nitrogen Dioxide (NO _x)

SASOLBURG OPERATIONS

The Sasolburg Operations is located in Sasolburg in the Metsimaholo local municipality which is part of the Fezile Dabi District Municipality in the Free State Province. Sasolburg Operations, provides a services platform for reforming natural gas into synthesis gas, produces a variety of chemicals and provides various utility services to other Sasol entities as well as third party customers, such as process steam and industrial and municipal waste water treatment.

Further postponement applications will be submitted for the Incinerators with regards to the prescribed limits as explained in- Subcategory 8.1: Thermal Treatment of Hazardous & General Waste. Emissions that will be included in the AIR are as follows:

Sulfur Dioxide (SO ₂)	Carbon Monoxide (CO)	Nitric Oxide and Nitrogen Dioxide (NO _x)
Hydrogen Fluoride (HF)	Metals	Particulate Matter (PM)
		Total Organic Compounds (TOCs)

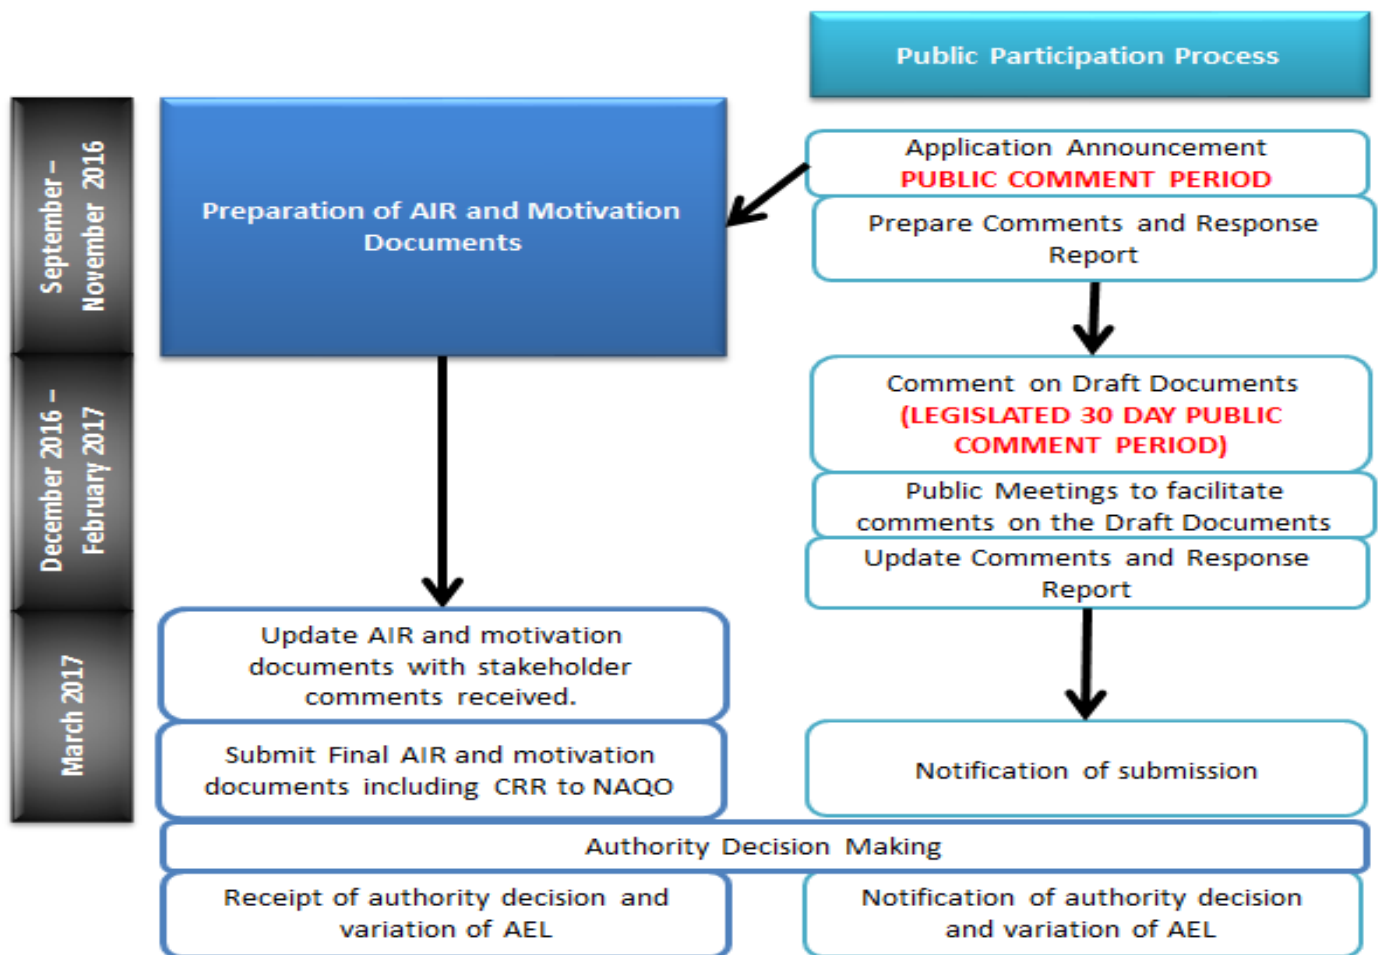

APPLICATION PROCESS

Sasol has appointed a team of independent specialists to assist with the applications. SRK Consulting (Pty) Ltd has been appointed to undertake the stakeholder engagement process and assist Sasol in compiling the Motivation Report containing the related justification and reasons. Airshed Planning Professionals (Pty) Ltd has been appointed to prepare the AIRs. Sasol has appointed an independent fourth party as peer reviewer to comment on the air dispersion modelling approach.

The AIRs, will detail Sasol's impact on ambient air quality in the areas affected by its facilities. The Motivation Report will be informed by the AIR as required in terms of Part 2 of the MES. It will detail the reasons and justification for the postponement application and outline the steps to be taken by Sasol to achieve compliance.

Sasol is committed to affording I&AP's the opportunity to provide comments during the public participation process. This will include inviting all I&AP's that registered as part of the previous process' to comment. This process has been informed by the requirements for consultation in terms of the EIA Regulations. Responses to comments received during the stakeholder engagement process will be submitted together with the Motivation Report to the authority for consideration in deciding on this application.

The proposed technical and public participation activities, as well as the broad timeframes for roll out of these processes are shown below.

INVITATION TO COMMENT

Should you wish to register as an interested and affected party for this process, please complete the enclosed registration and comment form and submit it to SRK, at the contact details below, by the **9 December 2016**.

REGSKENNISGEWINGS

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT - MINIMUM EMISSION STANDARDS, FOR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (PTY) LTD OPERATIONS IN SASOLBURG

INVITATION TO REGISTER AND COMMENT

Natref is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004). Between 2013 and 2014 Natref undertook a process to apply for postponements from the 2015 compliance timeframes of the MES. Natref was granted postponements for a number of its operations by the National Air Quality Officer (NAQO), with the concurrence of its licensing officer. However Natref will be unable, in certain instances, to timeously meet the compliance requirements of the 2015 MES where postponements have been granted for less than five years, as initially requested.

Natref therefore intends to apply for further postponements for Boilers and Furnaces, the Fluidized Catalytic Cracking Unit (FCCU) and tanks, located at its facility in Sasolburg to extend the initial three year compliance extension granted.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Natref must submit an Atmospheric Impact Report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations

Natref has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail Natref's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) for this application process. To obtain more information and a Background Information Document (BID), or to submit your comments, please contact **Philippa Burmeister or Andrea Murray-Rogers** at SRK:

Tel: +27(0)31 279 1200 Fax: +27(0)31 279 1204,
E-mail: pburmeister@srk.co.za / amurray-rogers@srk.co.za

The BID is also available at the following public places and the SRK website: www.srk.co.za

Natref Site Reception	Jan Haak, Sasolburg	016 940 2012

DUE DATE FOR REGISTRATION AS I&APs: 09 December 2016 

Supply Chain Management Unit hereby invites bids for the following requirements:

Bid No. MLM	Bid Description	Evaluation Criteria	Bid Fee	CIDB Requirement	Compulsory Briefing Meeting	Closing Date	Technical Contact Person
04/2016/17	CONSTRUCTION OF 6MI/DAY WASTE WATER TREATMENT WORKS IN REFENGKGOTSO	90/10 Price and functionality	R1000.00	8CE	25 November 2016 @11H00 Council Foyer Finance building, 2nd Floor	15 December 2016 @11H00	Mr s. Bila 016 973 8487

Bids terms and conditions:

- Bids shall be evaluated and adjudicated in accordance with the Supply Chain Management Policy of Metsimaholo Local Municipality.
- Briefing meeting where indicated is compulsory, and no bids shall be considered if the meeting was not attended by the bidder or representative thereof.
- Tender documents will be available at the **SCM Office, Metsimaholo Local Municipality, Civic Centre, 10 Fichardt Street, Sasolburg, finance building, 1st floor from 10H00 25 NOVEMBER 2016.**
- Non-refundable tender document fee is payable in cash between 07:30am and 15:30pm at the **cashiers in the Rates Hall, Metsimaholo Local Municipality, Civic Centre, 10 Fichardt Street, Sasolburg.**
- The municipality reserves the right to accept the tender in part.
- Tenders endorsed with their specific Tender Numbers must be placed in the tender box located at Metsimaholo Local Municipality, Ground floor, Civic Centre, 10 Fichardt Street, Sasolburg.**
- Late tenders will not be accepted.
- Incomplete tenders may be disqualified.
- No faxed or e-mailed tenders shall be accepted.
- The municipality reserves the right to accept any tender price and not necessarily the lowest, and to withdraw any bid before the award.
- Bidders must comply with the requirements as specified in a tender document; failure to comply may lead to non-consideration (disqualification).
- No bids from the persons in the service of the state such as Councillors, and other elected representative (MPs, MPLs), public servants, national and provincial, municipal officials, directors of public and municipal entities are barred from engaging in business with the municipality.

Notice No: 21/2016

Mr SM Molala
Municipal Manager

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY MINIMUM EMISSION STANDARDS, FOR SASOLBURG OPERATIONS, A DIVISION OF SASOL SOUTH AFRICA (PTY) LTD, IN SASOLBURG

INVITATION TO REGISTER AND COMMENT

Sasol South Africa (Pty) Ltd (Sasol) operating through its Sasolburg Operations (SO) owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004). Between 2013 and 2014 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES. Sasol was granted postponements for a number of its operations by the National Air Quality Officer (NAQO), with the concurrence of its licensing officer. However Sasol will be unable, in certain instances, to timeously meet the compliance requirements of the 2015 MES where postponements have been granted for less than five years, as initially requested.

Sasol therefore intends to apply for further postponements for the Incinerators, located in the Sasol One complex in Sasolburg to extend the initial three year compliance extension granted.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an Atmospheric Impact Report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations.

Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail SO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) for this application process. To obtain more information and a Background Information Document (BID), or to submit your comments, please contact **Philippa Burmeister or Andrea Murray-Rogers** at SRK:

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR:
LUGGEHALTE – MINIMUM EMISSIESTANDAARDE
VIR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (EDMS) BPK SE BEDRYWE IN SASOLBURG**

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER

National Petroleum Refiners of South Africa (Edms) Bpk (Natref), Suid-Afrika se enigste binnelandse ru-olieraffinadery, word gesamentlik deur Sasol Sasol South Africa (Edms) Bpk en Total South Africa (Edms) Bpk besit en is in Sasolburg in die Vrystaat geleë.

Daar word van Natref vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte (Wet Nr. 39 van 2004) uitgevaardig is. Natref het tussen 2013 en 2014 'n proses onderneem om aansoek te doen om uitstel van die 2015-tydraamwerke vir nakoming van die MES. Die Nasionale Luggehaltebeampte (NAQO) het uitstel vir 'n aantal van Natref se bedrywe toegestaan, in oorleg met sy lisensiëringsbeampte. Natref sal egter in sekere gevalle nie in staat wees om betyds te voldoen aan die nakomingsvereistes van die 2015 MES waar uitstel vir minder as vyf jaar toegestaan is, en nie soos aanvanklik versoek nie.

Natref beoog dus om aansoek te doen om verdere uitstel vir stoomketels en smeltoonde, die fluïed- katalitiese kraakeenheid (FCCU) en tenks wat by die fasiliteit in Sasolburg geleë is om die aanvanklike drie-jaar uitstel wat vir nakoming toegestaan is, te verleng.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Natref moet as deel van die aansoek 'n Atmosferiese Impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem.

Natref het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die Motiveringsverslag wat Natref se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die Motiveringsverslag op te stel.

Belanghebbendes word genooi om as belangstellende en geaffekteerde partye (B&G'e) vir hierdie aansoekproses te registreer. Vir verdere inligting en 'n Agtergrondinligtingsdokument (BID), of om u kommentaar in te dien, tree asseblief in verbinding met **Philippa Burmeister of Andrea Murray-Rogers** by SRK:

Tel: +27(0)31 279 1200 **Faks:** +27(0)31 279 1204,

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR:
LUGGEHALTE, WET – MINIMUM EMISSIESTANDAARDE VIR SASOLBURG OPERATIONS, 'N AFDELING VAN
SASOL SOUTH AFRICA (EDMS) BPK, IN SASOLBURG**

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER

Sasol South Africa (Edms) Bpk (Sasol) wat deur sy Sasolburg Operations (SO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Sasolburg in die Vrystaat. Daar word van Sasol vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte (Wet Nr. 39 van 2004) uitgevaardig is. Sasol het tussen 2013 en 2014 'n proses onderneem om aansoek te doen om uitstel van die 2015-tydraamwerke vir nakoming van die MES. Die Nasionale Luggehaltebeampte (NAQO) het uitstel vir 'n aantal van Sasol se bedrywe toegestaan, in oorleg met sy lisensiëringsbeampte. Sasol sal egter in sekere gevalle nie in staat wees om betyds te voldoen aan die nakomingsvereistes van die 2015 MES waar uitstel vir minder as vyf jaar toegestaan is, en nie soos aanvanklik versoek nie.

Sasol beoog dus om aansoek te doen om verdere uitstel vir die verbrandingsoonde, wat by die Sasol Een-kompleks in Sasolburg geleë is, om die aanvanklike drie-jaar uitstel wat vir nakoming toegestaan is, te verleng.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n Atmosferiese Impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem.

Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die Motiveringsverslag wat SO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die Motiveringsverslag op te stel.

Belanghebbendes word genooi om as belangstellende en geaffekteerde partye (B&G'e) vir hierdie aansoekproses te registreer. Vaal River City, the Cradle of Human Rights

Public Notice of Ward Committees By-Elections

Notice is hereby given in terms of Section 73(1) of the Municipal Structures Act 117 of 1998, read with the Emfuleni Local Council's approved Ward Committee Policy, that the Emfuleni Local Municipality will be conducting **Ward Committees By - Elections** in the wards mentioned below. These Ward Committee By-Elections will only be for the portfolios which were either not contested during the election period or for cases where their nominees were disqualified for various reasons.

The Speaker of Council, Cllr M.E Tsokolibane wishes to invite members of the community to participate in the processes of Ward Committee elections from their respective wards. Interested community based organisations and members of the public are advised that nomination forms for Ward Committee Candidates are available and must be collected from Ward Councillors, Public Libraries in the affected wards, from our Regional Offices or the Speaker's Office from the 15th November 2016 during office hours: 08:30 to 16:00.

Completed nomination forms MUST BE returned to the Office of the Speaker at Corner Klasi Havenga & Frikkie Meyer Boulevard Streets, Vanderbijlpark, before the closing date on Friday, 25th November 2016.

Wards due for by-elections by portfolio

Wards	Affected Portfolios
Ward 1	For Infrastructure Planning, Development & Assets
Ward 4	For Health & Social Development
	For Infrastructure Planning, Development & Assets
Ward 9	For Infrastructure Planning, Development & Assets
	For SRAC LIS
Ward 11	For Health & Social Development
Ward 12	For SRAC LIS
Ward 14	For Environmental Management and Planning
	For Finance & Revenue
Ward 16	For Basic Services
Ward 18	For Environmental Management & Planning
Ward 22	For Agriculture, LED, Planning and Tourism
Ward 25	For Gender, Youth & Disability
Ward 27	For Environmental Management & Planning
Ward 28	For Environmental Management & Planning
Ward 29	For Finance & Revenue
	For Gender, Youth & Disability
Ward 32	For Infrastructure Planning, Development & Assets
	For Health Social Development
Ward 34	For Health Social Development
	For Basic Services
Ward 43	For Environmental Management & Planning
Ward 44	For Human Settlement

Status of the Ward Committee

It is important for both the Council and members of the community including community based formations to understand that a Ward Committee:

- Is an advisory body,
- Is a representative structure,
- Is an independent apolitical committee of the community in a ward,
- Should be impartial and perform its function without fear, favour or prejudice,
- Constitute a layer of accountability and support to the Ward Councillor,
- The term of office of Ward Committees shall correspond with that of the incumbent Council. That is, it will from August 2016 to August 2021,
- As a representative structure of the community it is accountable to the community.

Eligibility

- Community members are advised that to elect and to be elected as the member of the Ward Committee in their wards, they must be registered voters in that ward,
- All participants must produce their **Green Bar-coded Identity Documents, Temporary IDs or SMART Card IDs** and complete an attendance register to enter into the meeting,

- Only persons who are eighteen [18] years and older or who own a business or property in the ward will have the right to nominate candidates for the ward committee of that ward,
- Be registered and appear on the IEC voters roll for the ward where the person is being nominated to be a ward committee member,
- For any person to be elected into or serve in a Ward Committee, one should not be permanently or contractually employed by a Municipality,
- An account for a nominee must not be in arrears for a period more than 90 days,
- For any person to be elected into or serve in a Ward Committee one should not be a Community Development Worker (CDW) or employed by another sphere of Government,
- For any person to be elected into or serve in a Ward Committee one should not have been convicted of an offence and sentenced for a period of not less than twelve (12) months.

Cllr. Maipato Tsokolibane
Speaker of Council

Commission takes strict stance on remuneration for Public Office Bearers

Pretoria - The Independent Commission for the Remuneration of Public Office Bearers (POBs) has recommended a 0% remuneration increase for most public office bearers, in line with the current state of the South African economy. No adjustment will be made to the salaries of:

- All members of National Executive and Deputy Ministers
- All members of National Parliament
- All members of Provincial Executive and Legislature
- All Judges
- Local Government: Positions of Executive Mayor to Whip
- Traditional Leadership: Position of the King/Queen to Full-time Deputy Chairperson of Provincial House of Traditional Leaders

Briefing media in Pretoria on Friday on the 2016/17 Annual Remuneration Recommendations for POBs, the commission's Deputy Chairperson, Matshego Ramagaga, said the recommendations were made after courtesy consultations with the Ministers of Finance and Justice and Correctional Services, the Chief Justice, the Lower Courts Remuneration Committee and the Minister of Cooperative Governance and Traditional Affairs.

The Minister of Finance expressed serious concern regarding the state of the South African economy, increasing constraints on the fiscus, inflationary increases and the available resources of the state. Ramagaga said the commission considered, in compliance with Section 8(6) of the Commission Act, factors including the role, status, duties and responsibilities of the POBs concerned; the affordability of different levels of remuneration of public office bearers; inflationary increases;

current principles and levels of remuneration, particularly in respect of the organs as well as the available resources of the state.

The commission, however, recommended a 4% cost-of-living adjustment (COLA) for municipal councillors; 6% for all magistrates and full-time members of the National House of Traditional leaders (NHTL) and headmen/headwomen, and sitting allowances for all members of NHTL

and Provincial House of Traditional leaders.

Once-off gratuity payment

The commission recommended that only non-returning municipal councillors, who served for a minimum period of 24 consecutive months prior to the 3 August 2016 Local Government Elections, qualify to receive the once-off gratuity payment. The once-off gratuity payment must be paid based on the basic salary and not the annual total remuneration package “because the

employer's contributions towards the benefit funds are included in the total package”, Ramagaga said.

The 2016/17 recommendations were submitted to President Jacob Zuma on 18 October and to the National Parliament on 3 November 2016. They were published in Government Gazette No 40422 on 11 November 2016 and also uploaded in the commission's website. – **SAnews.gov.za**

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER SPERDATUM VIR KOMMENTAAR: 8 MAART 2017

AANSOEK OM UITSTEL VAN TYDSRAAMWERKE VIR NAKOMING IN TERME VAN REGULASIE 11 VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE, WET NO 39 VAN 2004 – MINIMUM EMISSIESTANDAARDE VIR SASOLBURG OPERATIONS, 'N AFDELING VAN SASOL SOUTH AFRICA (EDMS) BPK, IN SASOLBURG

Sasol South Africa (Edms) Bpk, wat deur sy Sasolburg Operations (SO), werksaam is het tussen 2013 en 2014 'n proses onderneem om aansoek te doen om uitstel van die tydsraamwerke vir nakoming van die Minimum Emissiestandaarde (MES). Die Nasionale Luggehaltebeamppte het uitstel toegestaan aan Sasol, in oorleg met sy lisensiërsbeamppte, maar sal nie in staat wees om betyds te voldoen aan die nakomingsvereistes waar uitstel vir minder as vyf jaar toegestaan is, soos aanvanklik versoek nie. SO is dus van voorneme om aansoek te doen om verdere uitstel vir die verbrandingsoonde om die aanvanklike drie-jaar uitstel wat vir nakoming toegestaan is, te verleng.

SO moet as deel van die aansoek 'n Atmosferiese Impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem. Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk (SRK) aangestel om die openbare deelnameproses te hanteer.

Die konsep Motiveringsverslag, AIR en ander verwante dokumentasie sal vanaf **Maandag 6 Februarie 2017 tot Woensdag 8 Maart 2017** beskikbaar wees vir openbare kommentaar. Elektroniese weergawes van die verslae en kommentaarblaaie sal vanaf **Maandag 6 Februarie 2017** op SRK se webwerf by <http://www.srk.co.za/en/za-sasol2017postponement> beskikbaar wees. Elektroniese afskrifte is ook beskikbaar op versoek van die Publieke deelname - skakelkantoor by SRK. 'n Gedrukte afskrif van die verslag en kommentaarblaaie sal ook by die volgende openbare plekke beskikbaar wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Openbare plek	Ligging	Kontak	Telefoon
Openbare Biblioteek	John Vorster-laan, Sasolburg	Yvette Herbst Griesel	016 973 8463
Zamdela Biblioteek	Langsaan Zamdela Saal in die Hoofweg	Ontvangs	016 974 2163
Metsimaholo Plaaslike Munisipaliteit	Fichardtstraat, Sasolburg	M Molala	016 973 8316
Hoofontvangs van Sasolburg Operations	Klasie Havenga-weg 1, Sasolburg	Ontvangs	016 960 2014 / 2976

Ten einde kommentaar op die konsep Motiveringsverslag en AIR te fasiliteer, sal drie openbare vergaderings soos volg gehou word:

Datum	Tyd	Plek	Kontakbesonderhede

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER

AANSOEK OM DIE UITSTEL VAN TYDSRAAMWERKE VIR NAKOMING INGEVOLGE REGULASIE 11 VAN ARTIKEL 21 VAN DIE WET OP NASIONALE OMGEWINGSBESTUUR: LUGGEHALTE – MINIMUM EMISSIESTANDAARDE VIR NATREF PETROLEUM REFINERS OF SOUTH AFRICA (EDMS) BPK SE BEDRYGWIGHEDE IN SASOLBURG SPERDATUM VIR KOMMENTAAR: 8 MAART 2017

National Petroleum Refiners of South Africa (Edms) Bpk (Natref) het tussen 2013 en 2014 'n proses onderneem om aansoek te doen om uitstel van die Minimum Emissiestandaarde (MES). Die Nasionale Luggehaltebeamppte het uitstel vir 'n aantal van Natref se bedrywighede toegestaan, in oorleg met sy lisensiërsbeamppte, maar sal nie in staat wees om betyds te voldoen aan die nakomingsvereistes waar uitstel vir minder as vyf jaar toegestaan is, soos aanvanklik versoek nie. Natref is dus van voorneme om aansoek te doen om verdere uitstel vir smeltoonde, die fluïed- katalitiese kraakeenheid (FCCU) en tenke om die aanvanklike drie-jaar uitstel wat vir nakoming toegestaan is, te verleng.

Natref moet as deel van die aansoek 'n Atmosferiese Impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem. Natref het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om die openbare deelnameproses te hanteer.

Die konsep Motiveringsverslag, AIR en ander verwante dokumentasie sal vanaf **Maandag 6 Februarie 2017 tot Woensdag 8 Maart 2017** beskikbaar wees vir openbare kommentaar. Elektroniese weergawes van die verslae en kommentaarblaaie sal vanaf **Maandag 6 Februarie 2017** op SRK se webwerf by <http://www.srk.co.za/en/za-natref2017postponement> beskikbaar wees. Elektroniese afskrifte is ook beskikbaar op versoek van die Publieke deelname skakelkantoor by SRK. 'n Gedrukte afskrif van die verslag en kommentaarblaaie sal ook by die volgende openbare plekke beskikbaar wees vir belanghebbendes om te besigtig en kommentaar op te lewer:

Openbare plek	Ligging	Kontak	Telefoon
Openbare Biblioteek	John Vorster-weg, Sasolburg	Yvette Herbst Griesel	016 973 8463
Zamdela Biblioteek	Langsaan Zamdela Saal in die Hoofweg	Ontvangs	016 974 2163
Metsimaholo Plaaslike Munisipaliteit	Fichardtstraat, Sasolburg	M Molala	016 973 8316
Natref-terreinkantoor	Jan Haak-straat, Sasolburg	Ontvangs	016 940 2012

Ten einde kommentaar op die konsep Motiveringsverslag en AIR te fasiliteer, sal drie openbare vergaderings gehou word waar die aansoek verduidelik sal word. Deelnemers sal op hierdie vergaderings die geleentheid kry om die projekspan te ontmoet en kommentaar te lewer. Die besonderhede van die openbare vergaderings is soos volg:

Datum	Tyd	Plek	Kontakbesonderhede
Dinsdag 21 Februarie 2017	14h00 – 16h00	Vaalpark Laerskool	016 971 2012
Dinsdag 21 Februarie 2017	17h30 – 19h30	Boiketlong Gemeenskapsaal	016 960 5037
Woensdag 22 Februarie 2017	17h00 – 19h00	Veeldoelige Sentrum, Zamdela	073 149 4487

WARNING - Vehicle owners selling privately

Sasolburg: The police in Sasolburg would like to warn vehicle owners who are trying to sell their vehicles privately on social media to be careful of fraudulent buyers. Several cases has been reported where vehicle owners would advertise a vehicle for sale on social medias and an interested individual would contact the seller and arrange for a test drive of the vehicle. After the test drive is complete the potential buyer would inform the

seller that he is willing to buy the vehicle and the owner should give him bank details so that the money can be transferred electronically. The money is then transferred to the sellers bank account, the seller will receive an sms from the bank confirming this, then the seller will hand over the vehicle to the buyer. Few minutes after the buyer has left with the vehicle and the vehicles registration papers the seller will receive an sms from the bank notifying

him of the reversal of the payment. At this stage it is too late to stop the buyer as he has already driven away with the vehicle. The police are warning vehicle owners not to hand over the vehicle before they are sure that the amount is in the bank and cannot be reversed by the person who deposited the money. They can also request a copy of an identification document as well as proof of residence from the seller so that the person can be traceable.

Help police find this business robbers

Zamdela : The police in Zamdela are searching for three suspects of business robbery. It is alleged that on Monday 14 November 2016 at about 18:10 the complainant was busy performing his duties selling to his customers at Dusty Shop near Taylor Park. The complainant alleges that four males entered the shop and one of them approached the counter and he then pointed him with a firearm. The other man went to his brother and searched him while the other two men went behind the counter and took air time, cash money and cigarettes. The four men drove away with a silver Toyota Tazz. On the same date at about 19:00 The four men went to another tuck shop in Snake Park, Zamdela and threatened the owner of the tuck-shop with a firearm. The men robbed the tuck shop of cigarettes, cellphones and money. The suspects are estimated to be between 25 and 35, they are dark and they speak Southern Sotho. The Police are appealing to any member of the community who may identify the depicted men on the sketch to contact Warrant officer Marius Englebrecht of Zamdela Detective on 076 791 2995.

Send your budget tips to Minister Gordhan

Pretoria - Finance Minister Pravin Gordhan has called on South Africans to share their budget tips with him ahead of the tabling of the National Budget later this month. Among the views from the public that the Minister is looking towards is the funding of free education for students in tertiary institutions.

“The Minister [would also] like public views on how South Africa can achieve inclusive economic growth as well as how South Africa can use its resources to ensure efficiencies.

“The Minister would also like views on how the government, civil society, unions and business can work together in oneness of purpose to achieve the economic objectives of our country,” said the Ministry of Finance.

Minister Gordhan is due to table the Budget in Parliament on 22 February.

The Ministry said the Budget will be presented against the backdrop of sluggish economic growth, the looming threat of a possible negative view by independent rating agencies, the fees must fall campaign, as well as uncertainty in the global economic conditions.

“It is in this context that the Minister of Finance, Mr Pravin Gordhan, invites South Africans to share their views about economic conditions and other issues they

would like government to highlight in the Budget on 22 February 2017.”

The public can send their contributions via Facebook page: National Treasury South Africa or through Treasury's Twitter handle at @TreasuryRSA #BUDGET2017.

The public can also make use of the National Treasury website on www.treasury.gov.za under Budget 2017 TIPS.

The public can also arrange oral presentations to the department. - SAnews.gov.za

APPLICATION FOR POSTPONEMENT OF CERTAIN REQUIREMENTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: AIR QUALITY ACT NO. 39 OF 2004 - MINIMUM EMISSION STANDARDS, FOR SASOLBURG OPERATIONS, A DIVISION OF SASOL SOUTH AFRICA (PTY) LTD, IN SASOLBURG

INVITATION TO REGISTER AND COMMENT

Sasol South Africa (Pty) Ltd (Sasol) operating through its Sasolburg Operations (SO) owns and operates a petrochemical facility in Sasolburg in the Free State, among others. Sasol is required to comply with Minimum Emission Standards (MES), published in terms of the National Environmental Management: Air Quality Act (Act No 39 of 2004). Between 2013 and 2014 Sasol undertook a process to apply for postponements from the compliance timeframes of the MES. Sasol was granted postponements for a number of its operations by the National Air Quality Officer (NAQO), with the concurrence of its licensing officer. However Sasol will be unable, in certain instances, to timeously meet the compliance requirements of the 2015 MES where postponements have been granted for less than five years, as initially requested.

Sasol therefore intends to apply for further postponements for the Incinerators, located in the Sasol One complex in Sasolburg to extend the initial three year compliance extension granted.

Part 2 of the MES allows for application for postponement of certain requirements. As part of the application, Sasol must submit an Atmospheric Impact Report (AIR) supported by detailed justification and reasons for the application and must undertake a public participation process in accordance with the Environmental Impact Assessment Regulations.

Sasol has appointed SRK Consulting (South Africa) (Pty) Ltd (SRK) to assist it in preparing the Motivation Report that will detail SO's justification and reasons for the application, and to undertake the public participation process. Airshed Planning Professionals (Pty) Ltd (Airshed) has been appointed to prepare the AIR in support of the Motivation Report.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) for this application process. To obtain more information and a Background Information Document (BID), or to submit your comments, please contact **Philippa Burmeister or Andrea Murray-Rogers** at SRK:

**AANSOEK OM UITSTEL VAN SEKERE VEREISTES VAN DIE WET OP NASIONALE
OMGEWINGSBESTUUR: LUGGEHALTE, WET – MINIMUM EMISSIESTANDAARDE VIR
SASOLBURG OPERATIONS, 'N AFDELING VAN SASOL SOUTH AFRICA (EDMS) BPK, IN
SASOLBURG**

UITNODIGING OM TE REGISTREER EN KOMMENTAAR TE LEWER

Sasol South Africa (Edms) Bpk (Sasol) wat deur sy Sasolburg Operations (SSO) werksaam is, besit en bedryf onder meer 'n petrochemiese fasiliteit in Sasolburg in die Vrystaat. Daar word van Sasol vereis om aan die Minimum Emissiestandaard (MES) te voldoen wat kragtens die Wet op Nasionale Omgewingsbestuur: Luggehalte (Wet Nr. 39 van 2004) uitgevaardig is. Sasol het tussen 2013 en 2014 'n proses onderneem om aansoek te doen om uitstel van die 2015-tydraamwerke vir nakoming van die MES. Die Nasionale Luggehaltebeampte (NAQO) het uitstel vir 'n aantal van Sasol se bedrywe toegestaan, in oorleg met sy lisensiëringsbeampte. Sasol sal egter in sekere gevalle nie in staat wees om betyds te voldoen aan die nakomingsvereistes van die 2015 MES waar uitstel vir minder as vyf jaar toegestaan is, en nie soos aanvanklik versoek nie.

Sasol beoog dus om aansoek te doen om verdere uitstel vir die verbrandingsoonde, wat by die Sasol Een-kompleks in Sasolburg geleë is, om die aanvanklike drie-jaar uitstel wat vir nakoming toegestaan is, te verleng.

Deel 2 van die MES maak voorsiening vir aansoek om uitstel van sekere vereistes. Sasol moet as deel van die aansoek 'n Atmosferiese Impakverslag (AIR) indien, ondersteun deur 'n breedvoerige regverdiging en redes vir die aansoek, en moet kragtens die Omgewingsimpakbepaling-regulasies 'n openbare deelnameproses onderneem.

Sasol het SRK Consulting (Suid-Afrika) (Edms) Bpk aangestel om behulpsaam te wees met die voorbereiding van die Motiveringsverslag wat SO se regverdiging en redes vir die aansoek uiteensit, en om die openbare deelnameproses te hanteer. Airshed Planning Professionals (Edms) Bpk (Airshed) is aangestel om die AIR ter ondersteuning van die Motiveringsverslag op te stel.

Belanghebbendes word genooi om as belangstellende en geaffekteerde partye (B&G'e) vir hierdie aansoekproses te registreer. Vir verdere inligting en 'n Agtergrondinligtingsdokument (BID), of om u kommentaar in te dien, tree asseblief in verbinding met **Philippa Burmeister of Andrea Murray-Rogers** by SRK:

Tel: +27(0)31 279 1200 **Faks:** +27(0)31 279 1204,
E-pos: pburmeister@srk.co.za / amurray-rogers@srk.co.za

Die BID sal ook by die volgende openbare plekke en op die SRK-webwerf www.srk.co.za beskikbaar wees:

Openbare plek	Ligging	Telefoon
Sasolburg Openbare Biblioteek	John Vorsterlaan, Sasolburg	016 973 8463
Zamdela Biblioteek	Langsaan Zamdela Saal in die Hoofweg, Zamdela	016 974 2163
Metsimaholo Plaaslike Munisipaliteit	Fichardtstraat, Sasolburg	016 973 8316
Hoofontvangs van Sasolburg Operations	Klasie Havengaweg 1, Sasolburg	016 960 2014 / 2976

SPERDATUM VIR REGISTRASIE AS B&GP'e: 9 Desember 2016
