Delivery

Delivered: 25/10/2021 13:43

Good Afternoon All,

This correspondence serves as notice that a Basic Assessment (BA) Process is currently underway for the intent to increase the storage capacity of the existing Easigas Liquid Petroleum Gas (LPG) storage facility located in the Sidwell industrial area of Gqeberha in the Eastern Cape Province.

Attached, please find the Background Information Document (BID) which will provide you with a brief description of what the proponent, Easigas (Pty) Ltd is proposing, as well as give you guidance on what you need to do to participate further in this BA process. More detailed information regarding the project will be included in the Draft Basic Assessment Report (BAR), which will be released for public comment in due course.

Please Note: Notice of the availability of the Draft BAR for review and comment will only be sent to **registered** Interested & Affected Parties (IAPs). If you wish to register as an IAP to submit comments / receive future IAP notifications, please complete the Registration & Comment Form at the back of the attached BID and return it directly to me by **Thursday, 11 November 2021**.

Regards,

Abby van Nierop *Hons (Water Resource Management)*
