

## PEOPLE

**Graham Howell**

**William Joughin**

**Marcin Wertz**

**Adriaan Meintjes**

SRK Consulting partner and principal engineer **Graham Howell** has taken over the reins as company chairperson from **Roger Dixon**, who retired at the end of last year but remains at SRK as corporate consultant.

With 40 years' experience in his field, Graham is a structural and geotechnical engineer focused mainly on soil-rock-structure interaction. He first joined SRK in 1985 and has worked in the Johannesburg and Cape Town offices, while working closely with colleagues all over Africa, Australia, the UK and North America. Graham was elected a Fellow of the South African Academy of Engineering.

Filling Dixon's shoes on the board and as head of SRK's mining business unit are **William Joughin** and **Marcin Wertz** respectively.

Joughin, a partner and principal mining geotechnical engineer at

SRK, joined the company in 1998 after a career in South Africa's largest gold mining companies. He specialises in underground rock engineering investigation and design.

Now the head of SRK's mining unit, principal mining engineer Wertz has over 25 years' experience in his field and has been with the company since 1996.

Meanwhile, the company's environmental geotechnical unit also employed a new department head.

Principal geotechnical engineer at SRK **Adriaan Meintjes** has taken over from **Graham Howell**.

**Yattish Jugaroop**

**Shiven Singh**

With 18 years' experience in the industrial automation industry, **Yattish Jugaroop** has been appointed a senior sales engineer at pneumatic and industrial automation specialist SMC Pneumatics. "As SMC is considered the world leader in pneumatics, it is an honour to be joining the company. I wish to add value and look forward to many exciting years to come!"

The company has appointed mechanical engineer **Shiven Singh** as a senior sales engineer servicing the automotive industry. Singh has a background in mechanical engineering.
