NOTIFICATION AND AVAILABILITY OF THE DRAFT BASIC ASSESSMENT
REPORT (DBAR) FOR PUBLIC REVIEW AND COMMENT

SRK Consulting (Pty) Ltd (SRK) has been appointed by Eskom Holdings SOC Limited (Eskom) to conduct a
Draft Basic Assessment Report (DBAR) process for an Environmental Authorisation (EA) application. In terms
of the National Environmental Management Act (NEMA, Act No. 107 of 1998) EIA Regulations (GN R. 543),
dated June 2010, the landowner/land occupier must be informed of any development on, or adjacent to, the
land that is subject to an environmental authorisation application. Eskom hereby gives notice, in terms of the
above mentioned Regulations, of its application for environmental authorisation for the proposed construction
of the Cashan substation and associated power connecting to the existing Hekpoort substation.

1  Project Description
Eskom is in the process of expanding their power supply grid by supplying additional substations to areas in
need of additional capacity and supplying electricity to areas with increasing electricity demand in the North
West and Gauteng Province.

The proposed project includes the construction of a substation in Cashan and a 9 km powerline to the existing
Hekpoort substation. The proposed Cashan substation falls within the Gauteng province, North West of
Krugersdorp and is intended to alleviate the pressure exerted on the existing Eskom infrastructure in the area.
The proposed Cashan substation will be connected to the existing Hekpoort substation via a 88kv powerline
which runs approximately 9 km in a North Easterly direction from Cashan into the North West Province.

2  Location
• The proposed project footprint straddles the following municipal areas:
  - Mogale City Local Municipality (Gauteng);
  - Madibeng Local Municipality (North West Province);
  - West Rand District Municipality (Gauteng); and
  - Bojanala Platinum District Municipality (North West Province).
The following farms and farm portions fall within the proposed project footprint area:
